## WILL MINE COAL BY STRIPPING PROCESS

A number of Washington coal dealers have recently purchased the coal underlying a nine-acre tract of land near Belle Vernon and have made arrangements for surface mining the whole tract. The purchasers will organize in a short time and will apply for a charter for the purpose of mining coal by stripping. Arrangements have been made for operating an immense steam shovel. The greatest depth of earth on top of the vein is 18 feet. The coal is of the Pittsburg vein and of good quality.

## RECEPTION FOR REV. M'DONALD

Rev. H. O. MacDonald, pastor of the First Presbyterian church of Monessen for the past eleven years, preached his farewell sermon to his former congregation on Sunday evening last. Monday evening a farewell reception was tendered the retiring minister and his wife, at the church. It was largely attended by members and a large number of personal friends of the retiring pastor. One of the features of the evening was a gift to Rev. Mr. MacDonald and his wife of a purse of money, $200 in crisp $20 bills, which came as a great surprise to the recipients. A number of other presents were made to Rev. and Mrs. McDonald, while a program made up the evening's entertainment, which was followed by a social hour, when refreshments were served by the Ladies' Aid Society. Mr. and Mrs. MacDonald left Monessen on Tuesday for Mercer, where he has accepted another charge and where they will make their future home.

## GOOD MUSIC ALWAYS RECEIVES RECOGNITION

It is a truism that good goods will always receive recognition. That this applies to music, especially has been strikingly illustrated by the success attending the efforts of a newly-formed organization that has been in existence for a comparatively short time.

A group of young men had an idea. This idea was originated from the fact that when in this vicinity any event was held that demanded the serves of an orchestra of special merit it has always been considered necessary to import that orchestra from another town. Why this was necessary, or why this vicinity should necessarily be devoid of talent accomplished enough to satsfy these demands was not quite clear to these young men. The idea, then, was this: If any orchestra from this locality

## RIVERMEN TO BUILD BOATS

Over 100 business men of Pittsburg, Parkersburg, Charleston and other cities along the Ohio river gathered in Wheeling on Monday and discussed plans for improvement of transportation by water. The meeting resulted in the outlining of plans for the formation of a corporation with a capital stock of $500,000 for the purpose of operating steamboats on the Ohio river between Pittsburg and Parkersburg. A committee of 50 will begin immediately to prepare for the organization and the selling of stock for the corporation. It is the intention of the men behind the proposed corporation to provide wharfage facilities in all towns in addition to providing transportation. The committee will continue in session in Wheeling for several days to complete their work.

## FOOTBALL SEASON CLOSES TOMORROW

The Charleroi high school football team will close its season tomorrow afternoon at Donora. At that time it will meet the Donora high team on A. S. & W. Field, South Donora and as this is the only game scheduled for this section of the valley for Thanksgiving, the attendance is expected to be of unusual proportions. The local team has not played a game since the 10th of November, and should be in fine fettle for the contest. Donora high believes that it is strong enough to win the game, but Charleroi will have to be shown. In fact, Donora is going up against one of the best teams it has met this season and it need not be surprising if the Charleroi boys come home victors. Hundreds of Charleroi supporters of the team will go down in the afternoon to witness the contest, which promises to be one of the most interesting ever played in Dnora.

## NO PAPER TOMORROW

Tomorrow being Thanksgiving, no paper will be issued from ths office.

## DISTRIBUTING THANKSGIVING

According to an anual custom the Washington Avenue Presbyterian church is today sending out baskets of good things for Thanksgiving. The committee reports less need of relief work than in former years, one reason, doubtless being the unprecedented demand for labor and except where sickness has come, but little distress has been found.

## SLACKERS TAKEN TO CAMP SHERMAN

In charge of deputies, seven men were taken from Donora on Tuesday classed as slackers and deserters from the United States Army. Five of the men had failed to entrain with the draftees after success fully passing the physical examination and two had failed to report for examination. To this number were added two from Charleroi, who were taken to Camp Sherman Tuesday by Officer Murphy.

Police officers have been looking for these men since the last contingent of white draftees left here, but until a few days ago they were unable to locate any of them. They were finally rounded up, however, one or two at a time and held until all could be secured. They were then taken to Camp Sherman, classed as slackers and deserters under charge of county deputies, to be dealt with according to military law.

## MR. TENER MOVES TO NEW YORK

Former Governor John K. Tener, president of the National League, who has been commuting between Philadelphia and New York for the last four years, will make his home in Gotham next month. However, he will retain his voting residence in Charleroi as he would not think of discontinuing his Pennsylvania citizenship after beng elected to the highest office in thestate.

### ARMY LIFE IS NOT SO BAD, SAYS RECRUIT

Private James Houston a member of Company D, 48th U. S. Infantry, now in camp near Newport News, Va., writes the Mail to say that army life is not so bad, and advises his friends to come and join the army now, and not to wait too long. He seems to be enjoying his experience and is unselfish enough to wish to have his friends take part in the same life he now enjoys.

### BUILDING MATERIAL IS TAKEN SOUTH

The twin screw propeller Peace went up through Lock No. 4 on Monday with a barge loaded to capacity with boilers, engines, stone crushers, concrete mixers and ready-made forms, which will be used at the installation of improvements now under way at the Buckeye mine, near Masontown. This will be one of the largest mines in the sixth pool.

Mr. Bradley was commissioned a first lieutenant and Dr. Smith was given a captaincy. Both left on Tuesday evening, and will be on a furlough for a couple of weeks, before being assigned to duty with the army.

## ADDRESS TO HIGH SCHOOL STUDENTS

Rev. W. W. Youngson, D. D., superintendent of the Portland, Ore., district of the Methodist Episcopal church, delivered an inspiring address to the pupils of the high school at the regular chapel exercises this morning. Dr. Youngson, who is an eloquent and impressive speaker, spoke on the subject, "The American Spirit." The address was listened to with marked attention, and at its conclusion, the speaker was greeted with tumultuous applause. Miss Ethel Barth sang, by request, Ivor Novello's stirring war song, "Keep the Home Fires Burning," in admirable style, accompanied on the piano by Mrs. May Barth Ender. In response to the applause which greeted Miss Barth's efforts, she again sang the refrain of the song, and the students at Dr. Youngson's suggestion, joined heartily in the singing. "America" and "The Star Spangled Banner" were sung during the exercises. Rev. Dr. Youngson will occupy the pulpit of the Methodist Episcopal church on Sunday next.

## JOHN WHITEFIELD KILLED BY ACCIDE

John Whitfield, aged 61, who lives on the Washington pike about four miles east of Monongahela, was almost instantly killed at 8:00 this morning by the accidental discharge of a gun in the hands of his son Frank. With his four boys, Frank, Raymond, Clyde and Glenn Mr. Whitfield started down the pike near his home hunting for rabbits. His son Frank was behind him, carrying his gun, when he slipped and fell in the snow. As the young man fell his gun was accidentally discharged, the contents of the barrel finding lodgment in the back of the father. The boys at once picked him up and started back to the home, but he died before they could reach the house. Mr. Whitfield was one of the best known residents of that locality and in addition to his widow and four sons is survived by a daughter, Mrs. James Withrow of Thomas.

## DIVORCED FROM J. D. HORNBAKE

The divorce suit of Sybella Rankin Hornbake against Joseph D. Hornbake for the past 18 years a well known justice of the peace of California, and prior to that time a teacher in this and Fayette counties, and which had been on trial in the court of common pleas at Washington this week, was given to the jury Tuesday afternoon. It did not take long to find a verdict for the libellant. It had been on trial since Monday afternoon and attracted considerable interest. The wife sought separation on thegrounds of cruel and barbarous treatment and also the fact that the defendant had a wife living, from whom he had not been divorced at the time he married the libellant. The trial was enlivened by the testimony of Mrs. Emma Golden Hornbake, who says she had been married to Hornbake some years ago in Cumberland. Hornbake took the stand in his own defense and while denying he had married the woman who claimed to be Mrs. Hornbake No. 1, yet admitted having been in Cumberland with her on the date the marriage is alleged to have taken place.

## THANKSGIVING

... gathered ... hearths due to reduce ... to ... an appropriate ... of their ... ing under the form of ... For a time ... all the Thanksgivings ... war period when the United States was engaged in a ... refer to the days of the Revolution, when we were gaining our freedom from one of the countries we are now assisting in this great world struggle.

In such an hour it would be unmeet to thank God simply because our broad lands are spread with harvests as a table might be spread for a banquet, that the pulse of industry beats with a stronger and steadier pressure than in any other country, and that some of our youngest commonwealths are wealthier than the whole nation which made Washington its President. Our wealth, our industry, the very resources of our soil would be but a shame to us if we could not use them to relieve the sufferings of the less fortunate. Our gratitude should not be small that the lavish bounty of nature and the labor of our forefathers have made it possible for us in some measure to play the Good Samaritan and bind the wounds of the world.

Tomorrow we will gather in our several places of worship, these to offer thanks for the many blessings that have been our portion during the past year, but while our songs and prayers are ascending on high we will ever be present with the fact that our nation is at war for one of the great principles upon which free governments are founded. And as we contemplate and meditate we will realize that however thankful we may be, the sacrifice which we as a nation are called upon to make cannot be greater than the cause in which it is offered.

## GOOD MUSIC ALWAYS RECEIVES RECOGNITION

Continued from page 1.

could prove that they were the equal of any orchestra that could be imported there would be no incentive to import an orchestra. With this idea in mind a new orchestra was organized, which was christened "McCopa's Jazz." That the men forming this orchestra accomplished their purpose in giving this locality a really first class dance orchestra was proved by the instant popularity which attended this orchestra's performances. In fact, their services are so in demand that they are over-crowded with work.

Their first appearance in Charleroi will be at one of the most important dances of the season, the State-Pitt Dance on Friday the thirtieth. They have secured for this event the services of the best banjoist in the city of Pittsburg and the members of McCopa's Jazz believe that after Charleroi hears their initial performance in this city they will think twice before importing an orchestra in the future.

And as an afterthought, McCopa's Jazz is being imported itself. They are playing for the big dance of the year at Millsboro tonight.

## Smokeless Oil Heaters

never smoke or cause unpleasant odors—no soot or ashes to bother with. A match is all the kindling you need, a simple turn regulates the heat—never too hot, never too cold—always *just right*.

Be careful to use the right kerosene, though. Ordinary kerosene won't do! The kind to look for and *insist* on getting is called Rayolight Oil. Highly refined and perfectly purified, it burns without sputter or charring the wick. Buy it where you see the sign: "Atlantic Rayolight Oil for Sale Here."

Look up the store that sells Perfection Oil Heaters. They are reasonably priced—$4.50 to $8.50.

Spartanburg, S.C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McABEE, 122 Dewey Ave., Spartanburg, S. C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. JOS. O'BRYAN, 1755 Newport Ave., Chicago, Ill.

# Russia's Struggle Against Anarchy

## Tragic Story of the New Slav Democracy's Fight for Freedom

*By RHETA CHILDE DORR* Special Woman Writer Who Just Returned From Three Months' Stay in Petrograd.

**WILL APPEAR IN A SERIES OF DAILY ARTICLES IN THE**

# PITTSBURGH CHRONICLE TELEGRAPH

**BEGINNING WEDNESDAY, DECEMBER 5**

RHETA CHILDE DORR.

THIS story of the amazing truth about Russia is one of the greatest productions of the war. Mrs. Dorr's account of her observations and conclusions will run for three weeks or more. She will answer all the questions that Americans so anxiously are asking:

What manner of a man is Kerensky?

Was he a strong leader, and what brought about his fall?

What is the truth about Korniloff, and what actuated his rebellion?

What about the women in the Legion of Death? What part are they playing?

Who are the Bolsheviki, the visionary radicals, who are doing so much to handicap the new regime?

MRS. DORR, speaking from the viewpoint of a patriotic American woman, who passionately desires allied success over German militarism, will tell the solemn truth about the black chaos that holds Russia in its grip. She will tell how soldiers gouge out officers' eyes, how workmen exact fabulous wages and then refuse to work, HOW AGITATORS FROM NEW YORK TELL RUSSIAN MOBS THAT AMERICA HAS A RULER WHO OUTKAISERS THE KAISER, how thieves loot at will and how the Kerensky government failed to check the tidal wave of anarchy which slowly is swallowing up the nation and all its future.

Mrs. Dorr comes back to America with a great message to Americans. Arm for fight she warns us, and crush the foe, not only on the battlefields of Europe, but in our midst as well. Copperhead agitators, secret enemies of our country should be deprived of the opportunity of doing here what they are doing in Russia, she holds.

EVERY REAL AMERICAN WILL WANT TO READ MRS. DORR'S WONDERFUL STORY. Revelations of conditions that approximate those prevailing during the Reign of Terror in the French Revolution will stir every American heart to the necessity of our national participation in the war to the fullest extent of our powers. Order "The Paper That Goes Home," now.
